

CA2: Marking Rubric

Criterion	Excellent (Full Marks)	Good	Fair	Poor / Missing
Host OS Evidence (3%)	Clear screenshots from Windows or macOS showing system processes and drivers/modules.	Screenshots present but one item unclear/missing.	Screenshots incomplete or mislabelled.	No valid OS evidence.
Linux Evidence (3%)	Clear htop and lsmmod screenshots with correct identification.	Screenshots included but one unclear or incomplete.	Screenshots included but incorrect.	No valid Linux evidence.
Written Report (4%)	200–300 words, accurate explanation of hybrid vs monolithic modular, thoughtful tool comparison.	Covers most points, minor inaccuracies, slightly off word count.	Covers some points but lacks depth or accuracy.	Very brief, incorrect, or missing.
